

This comment is regarding taking K-LOVE off the air.
I listen to K-LOVE in the morning before school and
after, and it motivates me to get started in the morning,
and to keep going at night. Many people in this community listen to K-LOVE for
inspirational music and teaching for enrichment in their
Christian life. K-LOVE is the only Christian radio station
in this area. If it is taken off the air many people will be
left without Christian radio entertainment, and this would
be a great loss to this community.
Thank you for your attention in this matter.
God Bless
